YOUTH TACKLE COACH CERTIFICATION	Heads Up Football MIDDLE & HIGH SCHOOL COACH CERTIFICATION	FLAG COACH CERTIFICATION
Whether you're a veteran coach or it's your first time on the sidelines, the Level 1 Tackle certification is a great resource. It'll let you step on the field armed with the knowledge and ability to develop good habits in your players and keep them safer. Key topics include concussion awareness, heat and hydration, tackling, and equipment fitting. And the Level 1 Tackle certification meets the certification requirement for Heads Up Football youth leagues.	With certification created by the NFHS and USA Football, you can take your coaching education to the next level. It includes blocking, shoulder tackling, and equipment fitting, and features topics relevant to all sports: concussion recognition and response, heat emergency preparedness, and protocols for sudden cardiac arrest. The high school certification program is available on NFHSLearn.com , where you can complete your state coaching requirements.	Make the most of your time with players, by making sure they know the fundamentals. Level 1 Flag Certification supports your efforts with a focus on both the basics of the game, and safety on and off the field. Video-based tutorials with animated plays and quizzes clearly demonstrate proper technique and form — making it easy to transfer lessons to the practice field, and for coaches at all experience levels to connect with rookie and veteran players.
